INFORMATIONAL PIPELINE NO. 09-017-NWK

TO All Importers, Ocean Carriers, Non-Vessel Operating Common Carriers, Marine Terminal Operators, Centralized Examination Station Operators, Container Freight Station Operators, Bonded Warehouse Proprietors, Customs Brokers, Forwarders and Others Concerned

SUBJECT Proper Designation of Cargo for Examination to the Various Centralized Examination Stations

DATE **JUN 08 2009**

REFERENCE: *New York/Newark Area Informational Pipeline No. 06-13
(Reissue: Newark Area Centralized Examination Stations Solicitation)
New York/Newark Area Informational Pipeline No. 06-14
(Reissue: Perth Amboy Centralized Examination Stations Solicitation)
New York/Newark Area Informational Pipeline No. 09-005
(Proper Designation of Cargo for Examination to the Various Centralized Examination Stations)*

PURPOSE

The purpose of this pipeline is to provide Customs Brokers, Container Freight Station (CFS) and Centralized Examination Station (CES) Operators, and other pertinent industry parties with a list of CFS facilities which are currently located and operate within the Port of Entry-Perth Amboy, and as such, must designate the LIN CES facility as the examination site for U.S. Customs and Border Protection (CBP) examination of consolidated cargo located at the Port of Entry-Perth Amboy CFS facilities.

BACKGROUND

Appropriate procedures for designating cargo for examination at CES facilities, from CFS facilities located within the Service Port-New York/Newark, versus the Port of Entry-Perth Amboy are addressed in New York/Newark Informational Pipeline No. 09-005. It is the

position of CBP, that freight consolidations designated for deconsolidation at a CFS within the Port of Entry-Perth Amboy, must not be drayed to a CES outside of the Port of Entry-Perth Amboy, for CBP examination.

ACTION

The LIN CES facility is the only CES facility within the Port of Entry-Perth Amboy. Thus, all CBP designated examinations of consolidations located at a CFS within the Port of Entry-Perth Amboy (either import or export), must take place at the LIN CES facility. In order to assist the trade community with this requirement, a listing of currently operating CFS facilities within the Port of Entry-Perth Amboy is attached (Attachment 1).

Should you require further information, you may contact the Assistant Area Director, John Lava, Seaport Operations at (201) 443-0200.
